

## TalkSwitch<sup>®</sup> telephones: a comparative matrix

### Phone freedom

TalkSwitch never ties you down. In addition to our analog phones, we offer a complete line of IP phones. TalkSwitch systems also work with standard analog and selected IP phones from other manufacturers, so you can get the phones you want or save money by using your existing phones.

**About TalkSwitch**

TalkSwitch® designs and develops award-winning phone systems for small, multi-location and franchise businesses. Since its establishment in 1990, TalkSwitch has dedicated itself to developing PBXs and IP PBXs that tens of thousands of small businesses across North America rely on. With a growing global network of resellers, distributors and partners, TalkSwitch phones and phone systems are changing the way small businesses communicate.
